NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

MEDICAL.

THE LIGHT OF THE WORLD.
DR. MAGGIEL'S
PILLS AND SALVE!

These Life-giving remedies are now given to the world. For over a quarter of a century of private practice the ingredients in these

LIFE-GIVING PILLS!

Have been used with the greatest success. Their mission is not only to prevent disease, but to cure. They search out the various maladies by which the patient is suffering, and re-invigorate the failing system. To the aged and infirm a few doses of these valuable PILLS will prove to be

A VERY FOUNTAIN OF YOUTH,

For in every case they add new life and vitality, and restore the waning energies to their pristine state. To the young and middle-aged, they will prove most invaluable, as a ready, specific, and startling medicine. Here is a dream realized, that Ponce-de-Leon sought for three hundred years ago, and never found. He looked for a fountain that would restore the old to vigor and make youth ever

AN ETERNAL SPRING!

It was left for this day and hour to realize the dream, and show in one glorious fact, the magic that made it fair.

THESE FAMOUS REMEDIES!

Cannot stay the flight of years, but they can force back and hold aloof diseases that might triumph over the aged and the young. Let none hesitate then, but seize the favorable opportunity that offers. When taken as prescribed—

FOR BILLIOUS DISORDERS

Nothing can be more productive of cure than these Pills. Their almost magic influence is felt at once; and the usual concomitants of this most distressing disease are removed. These remedies are made from the purest

VEGETABLE COMPOUNDS.

They will not harm the most delicate female, and can be given with good effect in prescribed doses to the youngest babe.

FOR CUTANEOUS DISORDERS

And all eruptions of the skin, the SALVE is most invaluable. It does not heal internally alone, but penetrates with the most searching effects to the very root of the evil.

DR. MAGGIEL'S PILLS
Invariably Cure the following Diseases:

Asthma,
Bowel Complaints,
Coughs,
Colds,
Chest Diseases,

"LOVE ME LITTLE, LOVE ME LONG."

There was music in her accents,
And beauty in her eye:
But her manner was so quiet,
That the careless passer-by
Would have scarcely looked or listened,
As she quoted from the song,
And genily, sweetly murmured—
"Love me little, love me long."

No impassioned words were spoken,
As the starlight brightly fell;
But the brief and loving whispers,
That expressed our love so well,
Gave me joy and fond assurance—
And I knew I was not wrong,
That her fair young heart was meant
To "love me little, love me long."

SKETCH OF LIFE IN SAN FRANCISCO.

The following is a translation of an article by J. S. Hittel, published in Philo Jacoby's San Francisco German Almanac for 1867:

San Francisco, styled figuratively the Golden City, with a population of 120,000, the metropolis of the finance, commerce, manufactures, and fashion of the Pacific Coast of North America, is situated in latitude 37 deg. 48', about the same distance from the equator as Richmond, Lisbon, Palermo, Athens, Smyrna, and Yedo, and four miles from the Pacific Ocean on the western shore of San Francisco Bay. The climate is cool throughout the year, never cold enough to freeze and seldom hot enough to make light clothing comfortable. The average temperature of January, the coldest month, is 49 degs. and of September, the warmest month, 58 degs. Fahrenheit, the difference being only nine degrees, whereas the difference between January and July is 42 degs. in New York, 25 degs. in London, and 30 degs. in Naples. No other city in the temperate zone has a climate so equable as that of San Francisco; none in any zone has a temperature better suited for the growth of physical health and development, or for the intellectual and physical activity of man. The climate is so cool in summer that sunny exposures are preferred for residences, and shade trees are very few. In our parks and ornamental grounds we prefer low, bushy evergreens, not tall, wide-spreading, deciduous trees. The peninsula of San Francisco has a poor soil, and is bare of trees. During the late winter and spring the surrounding hills are covered with green grass, but in the summer, fall, and early winter, the adjacent country and the city itself have a cheerless, dirty, yellow look.

The people are mostly Americans by birth, but there are also many English, Irish, French, Germans, Italians, Spanish-Americans, Scandinavians, Dalmatians and Chinese. There are French, German, Italian and Spanish newspapers; French, German and Chinese Churches, and French, German and Chinese theatrical companies, which perform occasionally. The religion in which public services are regularly held are Jewish, Boodhist, Catholic, Protestant and Spiritualist. If the rites of the Mohamedan, Mormon or Pagan worship are celebrated the fact is not generally known. The city has twenty-eight Protestant and ten Catholic Churches, two Jewish Synagogues, and six buildings in which Boodhist ceremonies are occasionally held. The most splendid edifice devoted to purposes of worship in the city is the Synagogue Emanu El. An Episcopal Bishop and a Catholic Archbishop reside here. Among the Protestant Churches are five Presbyterian, four Congregationalist, three Baptist, eight Methodist, four Episcopal, three Lutheran and one Unitarian. If, however, Church going is necessary to religion, then it might be said that the majority of the people have no religion. On pleasant Sundays the cars and ferries are crowded with persons going out into the suburbs of the country to visit places of amusement, or to stroll about and enjoy the fresh air. Religious prejudices are not strong. Protestant, Catholic and Jew associate together in business and society with the utmost friendliness, as if it were better to agree about the affairs of this world than to quarrel about those of another. When any important financial, social or political movement is on foot, the managers are not satisfied unless all classes are brought in and represented. The daily press treat all forms of faith with equal respect, and frown upon all attempts to excite religious animosities. No church monopolizes the business, the wealth, the intelligence or the political government of the city. The Catholics have the most compact religious organization, the Jews have a large portion of the importing and treasure trade, and the Protestants or persons of Protestant descent hold most of the offices. Under such circumstances religious bigotry cannot thrive.

There are a vast number of benevolent and social associations in the city. There are two Jewish, one German, one French, one Spanish, one Scandinavian, one Italian, one Swiss, one Dalmatian, and one City Benevolent Societies, fifteen Masonic Lodges, nine Odd Fellow Lodges, at least one each of the B'nai Berith, Druids, Red Men and Ancient Order of Knights. The Catholic Church maintains two Orphan Asylums, a hospital, and a Magdalen Asylum. The Protestants have an Orphan Asylum and an association for the relief of destitute women. The German and French Benevolent Societies have each a fine hospital. There is no almshouse in the city, or, for that matter, in the State.

San Francisco is, in proportion to its size, the busiest seaport of the world. No other city twice as large has so large a trade. The annual exports are about $70,000,000, the imports nearly as much, the manufactures are worth nearly $20,000,000, the real estate sales amount to about $12,000,000, and the cash value of the land, buildings, and movable property of the city is about $200,000,000, although assessed for taxation at only $50,000,000. We send away about forty tons of silver and six tons of gold every month—the former metal in bars fifteen inches long and five inches square; the latter in small bars about six inches long, three inches wide and two inches thick. Wagons loaded with the precious metals are seen in the streets nearly every day. The profits of merchants and the wages of mechanics and laborers are high. The general style of living is luxurious. Travelers have observed that in no place do the mass of the people live in more comfort than in San Francisco. Miserly habits are very rare, and even prudent regard for the future is not so common as it should be. One of the evidences of the common extravagance is observed in the fact that many persons refuse to take any change less than a dime. Half dimes, which are the smallest coins in use, are less prized here even by the poorest than cents are in New York. The drayman carries a gold watch; the washerwoman dresses in silk; the chambermaid is unhappy if her bonnet is not of the latest Parisian fashion.

In the matter of public amusements the city is destined to become eminent. The mild winters and cool summers are favorable to out-door life. The people spend much of their time in the open air. Processions, picnics, excursions, and public displays are frequent. Dancing is in fashion throughout the year. Two theatres are open almost constantly, and we have an opera season every year, besides numerous concerts and lectures. Those who wish to go out in a buggy, usually drive to the splendid ocean beach, on a romantic road, over the hills west of the city. The spring and early summer, when the country is green, is the season for leaving the city. The chief summer resorts are the various towns and warm springs of the valleys near the bay, the Geysers, the Big Trees, Yosemite and Santa Cruz. The number, however, of those who come to San Francisco for pleasure is much greater than of those who leave it. Everybody who lives on the Pacific slopes wants to make a home in this city, or at least to spend some time here. The miner who has made a successful strike, the farmer who has a good crop, the lawyer who has accumulated a nice property by practice in the interior, looks forward to the day when he can enjoy the fruits of his labor in the metropolis of the Pacific. There is a multitude, a variety, and a rapid succession of entertainments, unequalled by any city of the New World save New York. The most costly productions, and the greatest delicacies of all quarters of the globe, are here collected. Montgomery street, though shorter than Broadway, is not less brilliant. Our hotels are palatial in size, furniture, cost, and style of management. When we see a city not yet out of her teens rivalling in luxuries the capitals of Europe, what grandeur may we not expect for her maturer years?

SEMI-WEEKLY ENQUIRER.

SATURDAY, JANUARY, 5, 1866.

We, with many of our contempories, fell into error in supposing that, should it be necessary to elect Congressmen this winter to supply the places of our present Representatives—should an extra session of Congress be called on the Fourth of March, it would be necessary, in order to comply with the law that voters would be compelled to register. We are now tolerably certain that such is not the case. From the reading of the Registry Law we find the following language in Section 27:

Sec. 27. Prior to the first day of July eighteen hundred and sixty-seven, registration in the Great Register shall not be an indispensable prerequisite to enrolment on the poll lists, but during said interval, persons duly qualified, whether native or naturalized citizens, but not registered as aforesaid, may, nevertheless, be enrolled on the poll lists on producing to the proper Board of Registration the same proof of citizenship as would be required to entitle them to registration in the Great Register, and in making up and completing said poll lists all other provisions of this Act shall be strictly observed, as well before as after said date; *provided*, that registration in the Great Register aforesaid, when existing, as well before as after the said first day of July, eighteen hundred and sixty-seven, shall, until the contrary is proved, be received by the Board of Registration as sufficient evidence that the person registered was, at the time of registration, a citizen of the United States, domiciled in the county.

From this it is not indispensably necessary that a voter be registered before the first day of July, 1867, to entitle him to a vote. Yet, as the registering of name *will* have to be done, we see no impropriety in voters doing so now instead of waiting until the last moment. That the Union party will in any degree be subject to a defeat we do not acknowledge. There is no doubt but a very large proportion of the conservative element have seen the folly of putting any faith in the Copperhead organization, and consequently have, to a very large percentage affiliated with the Union party, and will hereafter act with it, the assertion of the Copperhead journals to the contrary notwithstanding.

Nice Present.—On Sunday last a most interesting ceremony came off at the Union Sunday School in this place. On the assembling of the scholars, Miss Mary Cooke, who had been deputed by her companions arose and presented Mr. Davis a beautiful gold vest chain that had been purchased by the scholars of the school, as a token of the respect and esteem entertained for him as Superintendent of the school by them, and accompanied the the presentation by a few appropriate and well-timed remarks, which were responded to in a feeling manner by the recipient. Mr. Davis deserves all praise for his continued labors in behalf of the Sunday School of this place. Having in fact organized the school he has stuck to it through all its vicissitudes, until now it may be said to be placed upon a solid, permanent basis. May he long live to wear the bright momento of the innocents who so regarded him as to make him the recipient of their first gift.

Wagon Road.—We have been frequently asked during the past week what has become of the road which our citizens subscribed to some two or three weeks ago How is it, gentlemen of the Committee? Do you intend to let this the greatest necessity of our town go by default? The committee were requested to report to the citizens at an early day, and from the zeal manifested by those who had charge of the matter we expected that the road would have been commenced ere this. However, the weather has been extremely inclement and probably this is the reason of the non-action of the Committee. Yet it will do no harm to jog their memories a little.

Effective Arms.—We were shown a few days since several most beautiful pocket pistols of E. Remington & Sons manufacture, of Ilion, New York. The gentleman to whom they belong informs us that they shoot with as much force and accuracy as the celebrated Colt pistol; are much lighter and cheaper, coming at from ten to fifteen dollars, according to size. They may be obtained of J. Boke, Dutch Flat, or A. E. Crane, San Francisco.

Mite Society.—Owing to the inclemency of the weather on Wednesday evening last, the ladies were compelled to postpone their organization until Thursday evening last, at which time they met and organized by electing the following named young ladies as officers:

Sarah Cooke, President; Carrie Herron, Vice-President; E. A. Molter, Secretary; Helen Halsey, Treasurer. Managers—Alice McCulloch, Florence McCulloch, Sallie Phillips, Hattie Polly, Sarah M. Goe, S. A. Davis and Grace Halsey.

It is the intention of the Society to give their first soiree at the Golden Eagle Hall on Tuesday evening next, to which all are invited. As the young ladies will be out in strength on the occasion we hardly think there will be any lack of the "lords" around to look after them.

The American *Flag* newspaper breathed its last not long since, after a very protracted illness. The Business Manager had energy, perseverance and industry, but had no business talent whatever. He was too tenacious on exhausted themes, and consequently soon became a bore to his friends. The paper in life was outspoken and fearless, and the proprietor shadowed his own disposition through his columns which brought on a decline of which it never recovered.

Masonic.—At a regular meeting of Mount Carmel Lodge, No. 155, F. & A. M., held at Red Dog, December 31, 1866, the following officers were elected for the ensuing Masonic year; R. McGoun, W. M.; Frank Ennis, S. W.; R. Curran, J. W.; E. Williams, T.; M. Combs, Sec.; W. A. Begole, S. D.; J. R McQuoice, J. D.; A. A. Wood and A. H. Mallory, stewards; A. Tucker, Marshal; W. A. Harris, Tyler.

Pictorial.—The Quincy *Union* of the 29th December, came out as a pictorial, in order, we suppose that those of its Copperhead friends who were unable to read might amuse themselves by looking at the pictures. The attempt was a sickly one at being funny, and a foolish one in attempting to ape what Phœnix has immortalized.

Late Papers.—We are under obligations to Major Stratman of the San Francisco news depot for a large bundle of Eastern papers which arrived by the last steamer. Major Stratman is the agent for most of the Eastern magazines, papers and pictorials, and receives subscriptions for all at publisher's rates.

Resumed.—The cars from Sacramento to Alta resumed their regular trips on Wednesday last. We hope the Company will soon be able to send the cars to Cisco, but from present appearances much time is required to repair the road, and it will probably be a month yet before the cars can get beyond Alta.

Thanks to Mr. I T. Coffin for a beautiful Counting-house Calendar for 1867, from the Pacific Insurance Company. Mr. Coffin is the solicitor for this company and all who have not taken advantage of the liberal terms offered by the Pacific should lose no time in doing so.

REPORT OF THE SECRETARY OF THE U. S. TREASURY.

The following is an epitome of the report of Secretary McCullough, and, as will be seen, presents a most satisfactory condition of our National finances. The estimated receipts and expenditures by his predecessor for the fiscal year from June 30, 1865, to June 30, 1866, made the expenditures exceed the receipts $112,194,947 20. The result, however, was very different. At the close of the year it was found that the receipts exceeded the estimates $89,905,44, and the expenditures had fallen short of the estimates $200,529,235 30, thus leaving a balance to sinking the National Debt of $290,435,140 74. This unexpected result is deemed highly satisfactory by the Government, indicating the patience and endurance of the people under the most severe trials, as well as the expanding, inexhaustable resources of the country. Was this amount annually applied to the payment of the National Debt it would be liquidated in ten years.

It is not expected, nor is it deemed desirable, to continue the burdens of taxation as to pay the indebtedness in so short a period. The Secretary recommends, among other measures, such a modification of the present tariff as will increase a production in many departments of our domestic industry. Encouragement will thus be given to labor, to the investment of capital in the production of many articles on which the rates of duty are so low as to exclude competition and diminish American enterprise and industry. In intimate connection with this measure he recommends a diminution of the Internal taxes on home productions, and with this end in view the Government on the 16th of July last appointed special Commisioner of the Revenue to consider and report such a revision of the tariff and Internal revenue laws as would secure for the Government a revenue commensurate with its necessities, and at the same time by lessening the burdens of taxation increase the domestic industry of the country. His instructions were as follows:

"In the discharge of this (your) duty, you will consider the necessity of providing for a large, certain, and permanent revenue, recollecting the fact that the existing tariff has proved most effective in this direction. You will therefore endeavor, first, to secure for the Government a revenue commensurate with its necessities; and secondly, to propose such modifications of the tariff laws now in force, as will better adjust and equalize the duties upon foreign imports with the Internal taxes upon home production. If this last result can be obtained without detriment to the revenue by reducing taxation upon raw materials and the machinery of home productions, rather than increasing the rates of imports it would, in my opinion, by decreasing the cost of production and increasing the purchasing power of wages greatly promote the interests of the whole country."

The effect of the equalization proposed is, by reducing the rates of taxation on domestic products would have the two-fold effect of cheapening their price through increased productions, and increasing our exports to foreign countries; thus reducing the balance of trade which has been against us, if not creating a balance in our favor. Our imports compared with our exports: During the fiscal year ending June 30, 1866, the United States imported foreign merchandise at specie valuation, including imports of specie to the value of $423,975,936, exports during the year, reduced to gold value including exports of specie $415,955,469, balance of trade valued in gold of $2,009,577. It is claimed by the Secretary that the real balance against us is much greater, owing to the systematic undervaluation of foreign merchandise imported into the United States, and also owing to large amounts having been smuggled into the country along our extended sea coast and frontiers. Owing to these causes, it is estimated that twenty per cent. should be added to our imports, making the balance for the last year against the United States nearly $100,000,000. In proof that the above balance has been largely against us for some years past, is the fact that a very large amount of American bonds are now held in Europe which are held as securities for the payment of balances of imports over exports. The amounts now held in Europe are estimated as follows:

United States Bonds	$320,000,000
State and Municipal Bonds	150,000,000
Railroad and other Stocks and Bonds	100,000,000
Total	$570,000,000

These bonds falling due at different periods are liable to be returned for redemption at unpropitious times—during financial embarrassment, when the Government would need its specie to meet any crisis liable to arise. For this reason and in order to hasten and secure the permanent resumption of specie payment, it is deemed of the first importance that the balances between the United States and foreign countries shall be made easy by an exportation of commodities equal to our importations, thus preventing the drain of specie required to take the place of United States notes withdrawn from circulation. The several remedies which the Secretary suggests for the consideration of Congress are:

"1st. In compelling the National Banks to redeem their notes at the Atlantic cities; or, what would be better, at a single city.

"2d. In a curtailment of the currency to the amount required by legitimate and healthful trade.

"3d. In a careful revision of the tariff for the purpose of harmonizing it with our Internal taxes—removing the oppressive burdens now imposed upon certain branches of industry, and relieving altogether, or greatly relieving raw materials from taxes in order that the product of labor may be enhanced and production and exportation increased.

"4th. In the issues of Bonds payable in not over twenty years, and bearing interest at not over five per cent., payable in England or Germany, in a sum sufficient to absorb the six per cent. bonds now held in Europe, and to meet the demand there for actual and permanent investment; and,

"5th. In the re-habilitation of the Southern States."

The amount of National notes in circulation is $300,000,000; further increase is not recommended, but a curtailment is.

The causes which for a time unhappily depressed American securities having passed away, it is deemed advisable to issue United States bonds bearing four and a half—not to exceed five—per cent. interest, payable in Europe to an amount sufficient to absorb the six per cent. bonds in foreign hands, and to supply the demand for United States securities for permanent investment.

The restoration of the Southern States to all their relations with the Government, embracing as they do so large and productive a portion of the country is recommended as a subject worthy of a calm and careful consideration of Congress. Such restoration, by giving security to the investment of capital and labor will greatly increase their productiveness, and largely contribute to the National revenue, and would also very materially add to our exports to Europe, making the United States a creditor instead of a debtor to the nations with which it trades.

Should Congress deem it wise to adopt the measures recommended or to adopt other salutary provisions and enforce them by appropriate legislation the Secretary is confident specie payment may be resumed by the time our interest bearing notes are paid which must be done in two years and probably will be done in a much shorter time.

The public debt, October 31, 1866, exclusive of the cash in the treasury, amounted to	$2,681,636,966
Cash in the treasury	130,326,960
The receipts for the next fiscal year ending June 30, 1868, estimated at	460,000,000
The estimated expenditures of	350,247,641
Leaving a surplus of estimated receipts over expenditures	85,752,858

The application of this amount annually to the liquidation of the public debt will extinguish it in thirty years. By strict economy, making no more grants of money for the construction of railroads, and fostering domestic industry by judicious legislation, it is believed the larger and really burdensome portion of the public debt can be liquidated within a much shorter time.

Masonic Presentation.—On Wednesday evening, says the Nevada *Gazette* of the 4th instant:

"William C. Randolph was presented with an elegant Past Master's Jewel, on the occasion of his sixth installation as Master of Nevada Lodge. The Jewel is of solid gold, set with precious stones, was manufactured to order at San Francisco, and cost about $250. The members of the Lodge, with scarcely an exception, subscribed in proportion to their means toward the testimonial, which was presented in their behalf, at the conclusion of the installation ceremonies, by Brother A. A. Sargent, in a few appropriate remarks."

The California Home Insurance Company of San Francisco has decided to wind up its affairs and disincorporate.

The clouds portend more stormy weather. We have had but a few days clear weather for four weeks, but as yet have had no snow, although the usual time for it has passed a month or more.

I. O. O. F.—At a regular meeting of Auburn Lodge No. 7, I. O. O. F., held December 26th, the following officers were elected for the ensuing term: D. W. Spear, N. G.; Chas Helwig, V. G.; Thomas Jamison, R. S.; E. F. Holley, Treasurer.

County Treasury.—The amount of cash in the Treasury of Placer county on the 31st ult., was $45,538.27.

MINING IN NEVADA COUNTY.—A correspondent of the Grass Valley *Union*, writing from You Bet under date of Dec. 27th, gives the following items of the mining operations in that place and vicinity:

"None of the cement mills are paying very large at the present time. There are but few of them but what are paying more than expenses, and some of them have flattering prospects for good dividends soon. Messrs. Cozzins & Garber, who have been so unfortunate of late, have suspended working their cement mine at present. While drifting under the bed of Missouri Canon they had a cave which extended to the surface and let in so much water that with their present machinery they are not able to pump it out.

The Chalk Mountain Blue Gravel Co., claiming several miles on what is supposed to be an ancient blue gravel channel, started an incline which they expected to have to run from six to seven hundred feet to strike the river bed, but through some miscalculation they struck it some six hundred feet nearer the surface than was expected. They talk of moving farther up their claims to a more favorable location for opening their mine.

The mills at Hunt's Hill are running, are crushing excellent cement, and are making good profits.

The Green Mountain Company, situated between Hunt's Hill and Quaker Hill, have had a very tedious time getting their mine open, and have been at a great expense. They have struck very rich gravel, and the mill is now paying well."

TERRIBLE ACCIDENT.—The Grass Valley *Union* of the 2d instant, furnishes the following particulars of a distressing accident which occurred at that place on New Year's day:

"Another of those frightful accidents which seem to occur on every holiday occasion, happened on Tuesday morning last, on Alta Hill. Walter McKenzie and Robert Irving, who, with others, were engaged in firing a salute, when, by a premature discharge of the gun, these two men were most shockingly mutilated. McKenzie had both arms terribly lacerated, the flesh being entirely torn from them, and the blood vessels and veins cut in several places. His right arm was filled with splinters from the ram-rod, and on the neck, immediately under the chin, he received a number of very severe cuts. It was at first thought that one of McKenzie's arms would have to be amputated, but upon consultation, the attending surgeons concluded to make an effort to save both arms. Last evening we visited the unfortunate man, and found him enjoying the first sleep he has had since the accident occurred; but it is impossible, at this writing, to tell how his injuries may result. Irving, the other party, was not as severely injured. His left hand and arm were badly torn and burnt, and one of his fingers blown off, and another so badly broken as to render its amputation necessary. He was also burnt and otherwise injured about the breast. The systems of both men received a severe shock, completely prostrating them, but it is thought that the unfortunate men have sustained no internal injuries."

DROWNED.—We take the following from the Red Bluff *Independent* of Dec. 26th:

"It is our melancholy duty, as a public journalist, to speak a few as unpleasant words as ever pen traced on paper. On Monday morning last, Lieut. C. Gillett, Quartermaster at Fort Reading, started to come to Red Bluff, accompanied by Thomas M. Campbell and a squad of soldiers. At a short distance from the Fort they were obliged to cross a fork of Cow Creek. Lieut. Gillett rode his horse into the torrent and as the animal was about to ascend the opposite bank, he threw his head back with such force as to knock his rider out of the saddle into the foaming torrent. Lieut. Gillett sank instantly and never rose again. It is supposed that the blow stunned him so that he was drowned immediately.

FALLING.—The Sacramento river has been falling slowly for some days past, and all apprehension of an overflow at the city has died away.

BEAUTIFUL.—If you want to have a beautiful head of hair, use Crockett's Amygdaline, the best thing ever offered to the public.

MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said: they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.,

which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.

It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

REDINGTON & CO.'S COLUMN.

REDINGTON & CO.'S
ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, contain- ing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO.,

STOP THAT COUGHING!

SOME OF YOU CAN'T, and we pity you. You have tried every remedy but the ONE destined, by its intrinsic merit to supercede all similar preparations. It is not surprising that you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

Newell's Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

Newell's Pulmonary Syrup

has cured thousands and it will cu YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all deleterious drugs, and perfectly harmless under all circumstances. GRAEFENBERG
UTERINE CATHOLICON

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects cause by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. The *Catholicon* uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly Turns, Suppressions, Incontinence of Urine, Bloating and Dropsical Swellings, and all diseases of pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them, to as healthy a state as those of childhood and youth, so that patients who have used the *Graefenberg Company's Uterine Catholicon* cannot sufficiently express their gratitude for the relief afforded.

IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.—Wonderful Cure of the Rev. D. L. Brayton, Missionary in India, who was stung by a Scorpion. Extracts from his letter, published in the Baptist Missionary Magazine: "For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to take exercise, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible; what an awfully virulent poison their sting must contain! I FLEW TO MY BOTTLE OF DAVIS' PAIN KILLER, and found it to be true to its name: after a moment's relief, I saturated a small piece of sponge, bound it on my hand, and went about my exercises, feeling no more particular inconvenience.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. Consultation Office, 540, Washington street, San Francisco. Dec-3m

MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggiel is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childblains, Cuts and all abrasions of the skin MAGGIEL'S SALVE is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets, SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

desire to benefit humanity, and a feeling of itude to Dr. W. K. Doherty, alone induces me ake this statement. For many years I have afflicted with that fearful disease known as ermatorrhœa," or Seminal Weakness, the result lf-abuse, but till 1855 experienced but little ble or inconvenience.

Seminal Weakness to an alarming extent, h was soon followed by the most alarming ptons as weakness of the back and limbs, pain e head, dimness of vision, nervousness and ral debility. My mind, too, was afflicted to an extent as to seriously impair my memory; ideas were confused and spirits depressed. I averse to society, had evil forebodings and self-ust, and was entirely unfitted for any of the es of life. From 1855 to the summer of 1863, I loyed the very best medical talent I could find, spent several hundred dollars, but in no ince obtained more than temporary relief. I had it concluded there was no relief for me in this d, but seeing Dr. Doherty's advertisement, I ght I would call and see him, as he charged ing for consultation. I had an interview with Doherty at his office, in Sacramento street, and ge for treatment was so reasonable, I determined to try him, though I did not expect much fit from his treatment. On the 5th of December last I placed myself under his care; in one week ind myself very much improved, and, now, five weeks' treatment, I feel myself thoroughly l of all my troubles and in the enjoyment of best health. Hoping that my experience may f benefit to others similarly afflicted, I subscribe myself

THIS CELEBRATED INSTITUTE has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to intervene, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents.
